

Year 1 Home Learning Autumn 2 – Time Travellers-Toys

- Children should complete at least 20 points worth of home learning. They can record their activities in their home learning book.
- They must complete at least one activity from 'I enjoy reading, writing and speaking' and 'I enjoy being mathematical and scientific'.
- Photographs of practical projects are welcomed and can be incorporated into their book if you wish to do so.
- Please shade in the projects that you have undertaken this half term.
- Tick the box when you practise your times tables or spellings. Try to practise at least 3 times a week.

HOMEWORK DUE DATE: Monday 4th December

	w/b 23rd October			w/b 30 th October			w/b 6th November			w/b 13th November			w/b 20th November			w/b 27 th November		
Recite the number bonds to 10, practice writing numerals correctly and writing the name of the numerals.																		

	2 POINTS	4 POINTS	6 POINTS	8 POINTS	10 POINTS
I enjoy reading, writing and speaking. YOU MUST COMPLETE AT LEAST ONE ACTIVITY FROM THIS ROW	Describe your favourite toy to an adult and why you enjoy playing with it.	Read a story to your teddy.	Visit the library and enjoy a book about toys.	Create your own story about an adventure that your toys go on. (This could link to watching Toy Story).	Write a firework poem.
I enjoy being mathematical and scientific. YOU MUST COMPLETE AT LEAST ONE ACTIVITY FROM THIS ROW	Count forwards and backwards to 10, starting at different points.	Observe the length of day light, when does it start to get dark?	Using your toys at home can you create addition number sentences. Eg. 2 cars + 3 teddies =	Make a picture of the changes you notice as the season changes.	If you were to host a teddy bears picnic how many guests would you have? What food would each guest have? How many of each item would you need? Eg. 6 guests and each have 2 sausage rolls each.
I enjoy being creative, painting, drawing and visualising.	Go on a woodland walk and make some different artwork using natural resources like Andy Goldsworthy.	Take a photograph of a beautiful view, which makes you feel happy and discuss why it makes you feel that way.	Experiment with mixing Autumn colour paints. How many different colours and shades can you make?	Using different items from inside and outside of your home, make different sounds to replicate a firework display.	Use different media and materials to create a seasonal picture (autumnal, wintery, fireworks, Christmas) e.g. paint, pastels or collage.
I enjoy being active and doing hands-on activities.	Create a poppy to display for Remembrance Day (Must be brought in by November 9 th).	Try a new hobby you have never done before. Take some photos for your book.	Draw or paint a picture of your favourite teddy bear or favourite toy.	Create your own threading template using a hole punch and some shoe laces. 	Take a peg from your washing line. Find a range of small objects. How many small objects can you pick up in 1 minute? Can you draw a picture or make a list of the objects?
I enjoy finding out about the world around me.	Using the internet or library find out about what materials toys used to be made out of in the past and present?	Find out why we have 'Remembrance Day'. Who do we remember and why?	Ask a parent or grandparent about their favourite toy. Why did they enjoy playing with it? Can you find a picture of it?	Look at the moon each day for a week. Take a photo/ draw a picture of what it looks like each night. What do you notice? Find out why it looks different.	Find out about a Christmas celebration from around the world. Create an information poster about this celebration.
