

Year 6 Home Learning Autumn 2 – Our Changing World

- Children will be set weekly homework by the teacher over this term to help them prepare for secondary school and end of year assessments.
- Reading daily and recording it in the reading journal is still expected.
- The following activities are an optional extra and will be marked and rewarded at the end of half term as usual
- Continue to practice your times tables or spellings. Try to practise at least 3 times a week

Homework Due Date: Monday 4th December

	w/b 23rd October	w/b 30 th October	w/b 6 th November	w/b 13 st November	w/b 20 th November	w/b 27 th November
Times tables						
Spelling Shed						
	2 POINTS	4 POINTS	6 POINTS	8 POINTS	10 POINTS	
I enjoy reading, writing and speaking.	Read a chapter of your book and write a summary of what the chapter was about.	Find out about a famous artist of your choice. Be prepared to present your findings orally to your class.	Write a job advert for a palaeontologist. What will the job entail? What skills do they need?	Write a new song that could be a Christmas number one.	Watch 'Mega City' https://www.youtube.com/watch?v=-7kRkBXcKak Write the narrative of this story, in first person. Ensure you emphasise the key message of perseverance in your piece.	
I enjoy being mathematical and scientific.	Practice the times tables you are least confident in every day for 2 weeks!	Research and demonstrate famous number patterns.	Measure 20 objects around your home. Measure in mm, cm and m. Can you convert them all to the same type of measurement and order the objects?	Find a recipe for a food item from another culture. Apply your measuring skills to follow the recipe and make it. Show half and double quantities in your recipe. Photograph the stages involved.	Create a fractions, decimals and percentages game such as a matching game or a board game.	
I enjoy being creative, painting, drawing and visualising.	With your family, go out and find an object in nature. Make a careful pencil sketch of what you find.	Poppies are a symbol of remembrance. Create a poppy to be used in a display. Please hand this in by 7 th of November with your name on the back.	Plan and create your own graffiti wall art – what symbols, colours and designs would you include?	Use your sewing skills to make a Christmas decoration for our class. Photograph the stages involved.	Make a 3D model of the nativity scene.	
I enjoy being active and doing hands-on activities.	Paint a rock and hide it in the local environment for someone else to find. Photograph it when you have found a hiding space for it! Include something positive (a picture or affirmation) to make someone smile.	We are learning about light this half term, find out how many different types of lights you have in your house and categorise them according to the function.	Research a recipe for an evening meal. Make this meal for your family (with help) and take a photograph. Get one of your family members to review it!	Research a dance style and learn how to do at least 3 of the moves for this type of dance. Teach it to someone at home or teach the class your dance.	Practice and improve in a sport that you do or would like to do outside of school. Write a detailed description of how you play it, what equipment is needed and what it was like.	
I enjoy finding out about the world around me.	Annotate a world map with all of the places your family and friends have visited.	Research how different countries around the world celebrate the new year. Present your information on Powerpoint or a poster to share with the class.	We support a school in Gambia. Find out about the country and draw a map. Find 5 key facts about the country and how it is run.	We support 'Guide Dogs for the Blind.' Research the charity: when and why it was started, how the dogs are trained and the impact they have on people's lives.	Design and make a monopoly board game for our local area.
